ONYX AIR
PELLET AIR STOVE

ONYX is one of the most popular and sought-after models in our range of air pellet stoves. It stands out with its clean, minimalist design that effortlessly complements any interior. The automatic cleaning system for the burning chamber adds an extra layer of convenience and reliability.

The stove is available in three different capacities to accommodate a wide range of customer needs. It offers quiet, durable, and autonomous operation, making it an excellent choice for any user.

MAIN FEATURES

- 🔥 Automatic cleaning of the burning chamber
- 🔥 Automatic combustion management
- 🔥 Work time programming, weekly chrono
- 🔥 Simple periodic maintenance
- 🔥 Room temperature control
- 🔥 Presence of safeties for key components
- 🔥 Factory reset of the product
- 🔥 Easy to use LCD display
- 🔥 Spacious ashtray compartment
- 🔥 Optional separate room thermostat module
- 🔥 Overheating safety

COLORS

ONYX pellet air stove is available in four different colors to meet the needs of every design project. The surface is processed with temperature resisting paint for maximum protection during the operation.
